

# Drain Installations and Repairs

**Drain Control are the leading independent drainage company in the south east of England. Our Excavation Division will install, repair, replace and reinstate using the latest technology.**

- Having been involved in excavations and drain repairs for over 20 years our teams have a wealth of experience of Industrial Commercial and Domestic developments.
- Our Excavation Divisions engineers, surveyors and estimators have vast experience of installing entire drainage systems, gullies, septic tanks, drain runs, sewer connections, grease traps, waste pipes and inspection chambers.
- Full reinstatement of all surfaces including pavements, tarmac, blocks and grass.
- Our latest 'No Dig' technology offers permanent structural repairs and is available when excavation is not an option. We can line damaged pipes up to 50 meters minimising costs, disruption and environmental damage.

**Call 020 8301 4580 now for an emergency call out, a quotation, advice or to arrange a site visit.**
